

ENVIRONMENTAL POLICY

We belong to the JassGroup, which is a leading European company dealing with recycling, production and processing of paper. JassBoard Sp. z o.o. is a leading manufacturer of corrugated cardboard and a processor of flat cardboard.

We are committed to implementing the principles of Cleaner Production, prioritizing minimizing negative impacts on the environment. Our goal is to achieve sustainable development, combining production efficiency with care for the natural environment.

Within the framework of this policy, we, as an Organization, declare actions aimed at:

- investments in environmentally friendly technologies, such as renewable energy sources, innovative production methods, and modern solutions aimed at minimizing the consumption of natural resources,
- reducing the amount of waste generated through the use of modern technologies, recycling processes and reuse of raw materials (in line with the assumptions of a circular economy),
- continuous improvement of production processes in order to reduce emissions of harmful substances into the atmosphere, water and soil,
- regularly monitoring our environmental indicators, analysing results and sharing information on progress towards cleaner production, and assessing new designs and materials for their potential environmental impact,
- meeting the requirements of national and international law, regulatory requirements and recommendations for cleaner production,
- Raising awareness and educating our employees on environmental protection in its broadest sense and engaging them in pro-ecological activities,
- Building partnerships with suppliers, customers, and the local community, promoting sustainable practices throughout the supply chain.

JassBoard Sp. z o.o. shares, communicates and implements the assumptions of this policy, and also constantly strives to continuously improve processes and practices aimed at meeting the requirements of the Environmental Management System according to Cleaner Production.
